

Introducing Autism Nova Scotia's New

# Person Directed Planning Program

**Connecting people to reach their goals**

PDPP assists people with autism, developmental disabilities, and mental health concerns to build meaningful and inclusive lives in their communities by identifying their goals and connecting them to community supports. Autism Nova Scotia will be providing this pilot project to individuals who are 18 years and over in Halifax area (Bedford, Dartmouth, Sackville and surrounding areas), South Shore, Southwest, and Annapolis Valley. Our facilitators support individuals to navigate and discover community resources and create more possibilities for participation within their community.
