

Dear Members, Parents, and Carers,

Registration for the 2024/2025 Day Program is now open! Please read through the program information and registration forms carefully as some of the programs have changed this year.

We are so happy to share that Club Inclusion will be offering 2 exciting Day Programs from September 2024-June 2025 made possible through the continued support of the Department of Community Services.

Youth Program (Recreation, Life, Event Planning, and Work Skills)

Recreation and Business Program (Pop Up Shops, Life Skills, Recreation, and Music Therapy)

Our **Youth Program** is a program created to build skills and experiences that will support young adults create a path to the future of their choosing. Club ensures this program is inclusive to all abilities by using recreation as a way to provide fun educational activities. This program has terms outlined by the government, including a suggested age limit of 30. **If you are over 30 and feel like this program is right for you, please still apply!** Additional details about the Youth Program and its opportunities can be found within this packet.

Our **Recreation and Business** is a rec-based Day Program that provides opportunities for members to come together to try new things, explore creative business ventures, take part in recreational activities and outings, and build skills and confidence together with friends. Activities are developed around the wants and needs of our members, and are accessible to people of all abilities. Additional details about the Recreation and Business Program and its opportunities can be found within this packet.

Spaces in the Day Programs are limited -and we cannot guarantee everyone will get what they ask for. Club Inclusion does not use a “first past the post” registration, and instead gives as many people as many days as possible. Most people can expect to get half the number days they request. If you are able to be flexible with the days and times you are available, you will be more likely to receive multiple visits each week.

Please note additional forms through DCS will be required once registration is complete. **You must have a valid SIN number to take part in Day Programs.**

On days with afternoon Drop In Club (Mondays, Tuesdays, Wednesdays, and Thursdays) members are able to stay right through for an additional Drop In fee.

Please see the following pages for detailed program information and registration forms.

Please contact JUSTIN MCGARRAGH with questions or to submit your application to justinmcgarragh@prescottgroup.ca before June 10th at 9am.

At this stage we are directly advertising to people who are current Day Program users, those on the waitlist, and members who regularly use programs throughout the year. Spaces will be offered first to these members, and any remaining spaces will be opened to the wider community following.

Warm wishes,

Justin McGarragh and Jackie Rivers
